ROBOTO

As a non-serif font, Roboto Black has fewer curvatures and frills compared to serif fonts. The absence of decorative elements in Roboto Black allows for clear and legible text, making it ideal for conveying information in a direct and concise manner. The straight, clean lines of this font contribute to its modern and professional appearance, which aligns well with the communication needs of JKLU. It is an ideal choice of font for its ability to effectively convey straightforward, stable, and robust communication as well as instill trust in its students.

JAIPUR, A CITY OF DREAMS THAT INSPIRES A LEGACY OF EXCELLENCE

Jaipur, known as the Pink City, is Rajasthan's capital, founded in 1727 by Maharaja Sawai Jai Singh II. Its meticulously planned cityscape showcases pink-hued buildings, a gesture to welcome the Prince of Wales in 1876. The city seamlessly blends Rajput, Mughal, and European architectural styles. Six sectors, each dedicated to a specific trade or community, are enclosed by protective walls and gates. History enthusiasts can explore Hawa Mahal's unique honeycomb-like structure or immerse themselves in the grandeur of City Palace. Amber Fort offers sweeping views and intricate mirror work, while Jai Mahal sits elegantly on Man Sagar Lake. Nahargarh Fort stands guard in the Aravalli Range. Together, these landmarks epitomize Jaipur's grandeur, blending history, culture, and architecture.
